## ishga Personalised Marine Facial

60 minutes

£210

Revitalise and repair skin using the collagen-stimulating properties of Hebridean seaweed. Suitable for all skin types, this facial brightens and balances tone and texture. Meanwhile, seaweed's potent antioxidant properties help protect your newly-glowing skin from environmental damage.

## ishga Anti-Ageing Facial

Both contain a high content of seaweed extract, scientifically proven to preserve the skin's natural collagen and repair damaged skin cells with its powerful anti-ageing properties.

## ishga Ultimate Luxury Facial

90 minutes

Indulge in the regenerating and hydrating properties of Hebridean seaweed with a luxurious facial that uses three active masks to exfoliate, nourish and protect. Meanwhile, a lifting facial massage, the application of warmed sea salt and seaweed poultices, and lymphatic drainage techniques all work together to rejuvenate skin, adding a boost of vitamins and minerals into your face and upper body.

## Carol Joy London Classic Facial

60 minutes

£220

This results-driven facial enhances your skin's natural luminosity and promotes cell regeneration. ## Carol Joy London Lifting Facial

60 minutes

**Carol Joy London Diamond Facial** 90 minutes £320

This facial draws on the powers of precious diamond to restore elasticity and firmness to your skin. Then you'll enjoy a pure collagen and vitamin C mask to brighten your complexion and reduce fine lines.

**Carol Joy London Oxygen Facial** 60 minutes £270

Revive and awaken your skin with the cooling effects of pure oxygen. This circulation-boosting facial delivers nutrients and antioxidants deeper into the skin, encouraging cell renewal to repair environmental damage. 90 minutes £340

Smooth your skin and reduce stress in wrinkle-prone areas. Inspired by fasciatherapy and performed with Lift Boost, reserved exclusively for beauty professionals, this slow, deep massage fights wrinkles by relaxing and toning muscles. It's designed to help you create softer, smoother and more radiant skin, reducing the appearance of irregularities for a glow as immaculate as a snow-covered landscape. Grounded in facial reflexology and performed with Lumi Boost, the massage focuses on specific areas of the face to detoxify and brighten the skin.
